What is TNet?

The System
A free online platform providing a streamlined, automated alternative to traditional correspondence between organ transplant recipients and donor families

The Mission
• Provide an easy way for transplant recipients and their donor families to contact each other
• Generate awareness of organ donation
• Inspire visitors to become registered donors and living donors
Why Adopt TNet?

Online System
- Increase awareness
- Encourage organ donation
- Make it easy for transplant recipients to thank donor families
- Reaffirm families’ decision to donate

Traditional mail
- Slower process
- Letters get lost or forgotten
- Complicated; instructions not clear
**Benefits for OPOs and Transplant Centers**

<table>
<thead>
<tr>
<th>Increased Efficiency</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Letters can be downloaded, edited, sent back, or forwarded with the click of a button</td>
</tr>
<tr>
<td>• Program automatically tracks number of letters exchanged</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Ensured Security and Confidentiality</th>
</tr>
</thead>
<tbody>
<tr>
<td>• TNet portal forces encrypted connection (SSL)</td>
</tr>
<tr>
<td>• TNet administrators create accounts for OPOs &amp; TCs</td>
</tr>
<tr>
<td>• Information of users is only available to those who review their letter(s)</td>
</tr>
<tr>
<td>• OPOs &amp; TCs may still retain their own policies on the sharing of personal information</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Peace of Mind</th>
</tr>
</thead>
<tbody>
<tr>
<td>• <strong>Email notifications</strong> are sent to OPOs and TCs when they receive a new letter</td>
</tr>
<tr>
<td>• <strong>Email reminders</strong> are sent to OPOs and TCs if there are letters that have not been processed for two weeks in their inbox</td>
</tr>
<tr>
<td>• Environmentally friendly alternative to paper correspondence process</td>
</tr>
</tbody>
</table>
Benefits for Recipients and Donor Families

Clear Instructions for Correspondence
- Can access comprehensive information on sending letters directly on one website
- If needed, users can get their questions answered quickly through TNet Support
- Writing guidelines and letter templates are provided on website and user portal

Ensured Security and Confidentiality
- Users must verify email address before they can log into their account
- Web security best practices on the back-end are employed

Peace of Mind
- Length of correspondence process shortened immensely with online platform from weeks/years to days
- Users receive immediate updates on status of their letters in the forwarding process
- Letters cannot be lost
How it Works

Registration

• Transplant recipient or donor family creates an account in TNet user portal

Writing & Sending Letter

• Users compose their electronic letters
• Writing guidelines and letter template are provided
• Users can choose to publish a public version of their letter on TNet’s website

Review & Forwarding

• Coordinators at user’s transplant center (TC) or OPO process letters through TNet’s platform
• TNet automatically updates users via email on status of their letters

Further Connection

Communication can be carried out afterward if users opt to share personal information
Implementation Steps for OPOs and TCs

Request a TNet account through contact form on website or email administrator directly

Contact form can be found on website or email admin@transplantnet.org

Receive new Coordinator Account with username and temporary password

User must set own password upon first login
Note: transplant centers can set up different accounts for each of its transplant programs

New user is automatically integrated into the system

User is now an option under “Select transplant center” on transplant recipient registration page or “Select OPO” on donor family registration page
New user should designate point person(s) in charge of TNet account
The Two Goals

1. **100% of donor families receive a letter of thanks**
   - Some letters sent on TNet are published, shared through social media
   - General public learns about organ donation
   - People become inspired to become registered organ donors

2. **The organ donor shortage is alleviated; lives are saved**
Timeline

- May 2014: Received funding to initiate program
- Oct 2014: TNet System implemented in Donor Network West and UCSF
- Now: Marketing initiative to make known to patients and donor families
- 2016: Service expanded to eye and tissue donor families and recipients
- 2017: Expand nationally across U.S.
Implement TNet Now!

Email us at admin@transplantnet.org to get started.
Thank You
